MATERIALS + TOOLS:

two shades of green felt (or red and orange for the other dinos)
fabric scissors
tape
pen

pen
elastic strap
hot glue gun
safety pin

1 Draw the shape of a dinosaur tail on your light green felt, making sure to leave an extra 2-3 inches at the top. Cut your tail.

2 Draw nebulous shapes on the dark green felt and cut them out.

3 Adhere them to the tail with hot glue.

4 Fold the top edge over and glue in place.

5 Cut a piece of elastic strap that is slightly longer than your child's waist. Add a safety pin to the end of the elastic strap, then file the strap through the top of the tail.

6 Remove the safety pin and tie the ends of the elastic strap together. Rotate the strap so that the tied portion is covered by the folded part of the tail.
